2[^] MASTERCLASS SIF-ECPG “PHARMACOLOGISTS 2.0”

Innovative teaching and successful submissions

14TH-15TH-16TH FEBRUARY 2024 // AUDITORIUM FONDAZIONE MENARINI, FIESOLE (IT)

RATIONALE

The SIF Early Career Pharmacologists group was established in May 2023 with the purpose of promoting scientific initiatives for young SIF members under 38. These initiatives are aimed at supporting professional growth and collaboration within the group itself. From this perspective, knowledge and experiences in terms of leadership, understood as the development of hard and soft skills, represent an instrument to develop vision, new behaviours and new ways of working.

This masterclass aims to enrich pharmacologists with advanced skills regarding grant writing, public speaking, innovative teaching and editorial dynamics.
